THANKS FOR YOUR PATIENCE!

As 2016 rolled around, SHOT underwent a few exciting changes. First, longstanding executive director Kim Lindsey took a job with AQHA, and Jill Dunkel stepped up to take Kim's place. The SHOT office moved from Lubbock to Archer City, Kelsey Watring joined the show secretary team, we started utilizing a new computer system, and the entry forms were modified. All of these changes have left our heads spinning just a little bit!

The new computer system has been quite the undertaking. In the past, all show entries and calculations as well as horse/rider records were kept in a spreadsheet. The spreadsheet program served SHOT well for many, many years. But with a consistent increase in membership and numbers at our shows, it has become evident over the last few years that a database system was necessary. Months of research led us to FunnWare, a software development company that specializes in horse show programming.

The transition has not been easy. Initially every horse, its registration and ownership information, as well as information from all of our members had to be entered into the system. FunnWare tweaked their computer software along the way to fit SHOT, and it was a challenging process that is not quite complete. But we are getting close!

With the new system, we hope to reduce mistakes and have an easier way to track information on horses and riders. Invoices/receipts are easily printed for members to keep for their records. And the entry process is becoming streamlined. Regarding entries for the rest of 2016, here's a few notes:

- We do not need copies of Coggins. Just show them to the secretary at the show.
- If your horse has been shown in 2016, we do NOT need copies of their registration papers
- If you have shown in 2016, we do NOT need copies of your SHOT or AQHA membership cards **unless they have been recently renewed.**

We still have a few items on the to-do list for the programmer, and she is diligently working on creating year end standings reports. We know tracking points are important for our members, and in the coming weeks we will be able to post those standings to our website.

Change is hard, and we appreciate everyone's patience as we finish tweaking the new software and reports to fit our association! THANK YOU!

Trainer's Tip with Mozaun McKibben Watch the warm up!

Courtesy of Kate Bradley

SHOT member and recently-crowned American Quarter Horse Association Versatility Ranch Horse Open World Champion Mozaun McKibben says one mistake riders make is to not properly focus their horse before going into the show pen. One way to get the horse ready to show is to thoroughly warm up.

"When you are at a show and warming up in the warm-up pen, riders tend to trot and lope a few circles and think their horse is warmed up because it is calm. Riding with other horses will be one of the reasons your horse is calm, because they have other horses around and are not nervous. But when you walk into the alley or into the arena by yourself, the nerves come up in both you and your horse. Right there, you are starting at a disadvantage because your horse is not going to be warmed up to the point where it will listen to you.

"Ride the horse, lope, trot and walk, and when you think the horse is warmed up, work another 20 or 30 minutes. Horses will freshen up when you are by yourself in the arena, so the horse needs to be tired when it goes into the pen. Get there early to give yourself enough time to ride the fresh off your horse and get it thinking about that day's events. You can always win any class kicking on a horse to push them faster, but you can't win anything pulling on your horse."

SHOT member Kate Bradley will feature Trainer's Tips in upcoming newsletters featuring short pieces of advice for riders from various SHOT clinicians. Watch for this exciting new segment in future Stock Horse Roundup issues!

It's not too early to think about the SHOT Futurity and Derby!

This is a chance for riders to showcase their 3-, 4- & 5-year old horses in the four SHOT classes. There are multiple divisions:

- Open/Non Pro (compete together for prizes/money, plus there is Non Pro incentive money paid out to Non Pros)
- Limited Non Pro
- Collegiate riders are awarded scholarships as the highest placing collegiate in each division.

Horses must be nominated. Nominations are due October 1. Spread the word! This is an excellent way to showcase young, versatile horses!

WESTERN HORSEMAN
20 STOCKHORSE WORLD CHAMPIONSHIP
and SHOT
Futurity & Derby
October 28-30, 2016

Two more Novice Clinics in the books!

The Novice clinic concept is continuing to grow and succeed! In March, SHOT hosted a Novice Clinic in Stephenville with Al and Bobbi Walton. The event was organized by Michelle Reding, and lunch was provided by Jim Lane Equine Insurance Services. Participants worked on all of the SHOT classes, working a flag, learning about rope safety and also practiced the drag.

In May, another Novice clinic was held at Still Creek Ranch in Bryan. This clinic featured Matlock Rice, Chris Ward, David Neason and the Texas A&M Stock Horse Team. This event was organized by Tina McCleary. Lunch at the Bryan clinic was also provided by Jim Lane Equine Insurance.

Thanks to both Michelle and Tina for their help with our Novice program!

SHOT Lone Star Challenge

What is that? Well it is an opportunity for us to give back to our armed forces for their service on our behalf.

The Semper Fi Fund, which is the parent organization to the Jinx McCain Horsemanship Program (JMHP), provides support and assistance to post-9/11 wounded, critically ill and injured service members from all branches of the U.S. Armed Forces. The JMHP was dedicated in memory of Col. Jinx McCain, a member of the United States Marine Corps. Col. McCain hosted trail rides for amputees from Vietnam while stationed at Camp Pendleton, California, in the 1960's. Today, the program hosts approximately six clinics each year, giving service members the opportunity to connect with an equine partner while learning horsemanship and working cattle. The JMHP depends on its host for venue, horses, and tack. Our association is so amazing that it seems a natural thing for us to host an event in 2017. The Board agreed, approved the concept, and preliminary planning has started.

While the date/location is yet to be determined, the initial concept is that the clinic component of the "SHOT Lone Star Challenge" will take place during the first two days of a three-day event. Each clinic session could be led by a different instructor(s) depending on their willingness and availability. The event may will culminate with an actual 'challenge' based on a team format instead of individual head-to-head competition. The challenge will test the skills the participants learn during the clinic days and promote comradere.

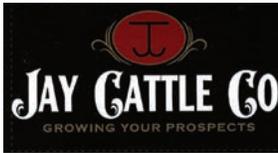

More planning is definitely required. Jinx McCain Horsemanship Program clinics are completely free for the servicemen and women who attend. While the program is funded by donations from across the county, The Semper Fi Fund is grateful for the generosity of its host which generally supplies horses, tack, cattle, trail obstacles, and food/drink.

For more information on the program, there is an article about a recent event in the May 2016 issue of *America's Horse*. If you can help with our event, please contact Cathy Clements (balanceranch@aol.com).
